Significant Changes to the NEC from 2008 to Present

Program Description:

Mr. Rich Van Wert will present changes in the National Electrical Code from the 2008 edition (last PA NEC statute) to the latest 2014 edition that would impact design and construction of electrical systems in Pennsylvania, if statute were changed as of 2014. He will focus on non-residential systems including commercial, industrial and institutional electrical systems. Rich will also present changes in the NEC as they relate to commercial solar systems and the interface at the utility meter.

Speaker: Rich Van Wert, Electric Education Center

Rich Van Wert is past president and current board member for the Benjamin Franklin Chapter of the International Association of Electrical Inspectors (IAEI), Electrical Inspector, Commonwealth of Pennsylvania UCC Inspector, City of Philadelphia Electrical Inspector and a State of New Jersey Certified Instructor.

Rich has been employed in the Electrical Industry for more than 46 years. He is currently an electrical inspector with the state of New Jersey Division of Consumer Affairs. He has presented electrical courses for Bucks Technical School, US Steel Fairless Works, Penn State University, IAEI, the Electric Education Center, and The Electrical Association of Philadelphia.

When parking, utilize the 'First Move Forward' approach by backing in so as to move forward when leaving.
